

Throop and Holdenhurst Village Parish Council

BCP Local Plan

Report to Parish Council Members

1. Background:

1.1 Bournemouth , Poole and Christchurch Council published their Local Plan consultation document in January 2022.

1.2 Within the document they aim to set out their strategy for how much, where and what type of development will take place across the BCP area up to 2038.

1.3 Throop and Holdenhurst and the stour valley will be impacted especially with the announcement that BCP wish to create a SANG (Planning application reference 7-2021-7824-C).

2. Proposal:

The following action need to be undertaken as follows:

- a) To form a working party to consider Throop and Holdenhurst Village Council's response to the BCP local plan 2022 section 4-issues and options

- b) The working party to study the BCP local plan with a view to, but not solely confined by the following –
 - Maintain and enhance the unique historical and natural environment setting within the boundaries of the parish
 - Enhance the environment in line with the Environment Act 2021 which in December 2021 BCP's Councils cabinet unanimously voted in favour of early adoption. Special consideration for schedule 14.
 - Reduce pollution towards a carbon neutral future
 - Reduce mechanised traffic movements to , within and through the village
 - Encourage non-vehicular movements within the Parish
 - Careful consideration of residential development
 - No more car parks
 - Consider whether to support BCP as a new City region
 - Commercial development
 - Response to policy CS36 Stour Valley Project

Throop and Holdenhurst Village Parish Council

4. Recommendations:

4.1 To agree setting up the working party group and to produce a report(s) for council to consider the issues raised and to recommend the councils response to the BCP's consultation document.
